

## **WHAT DO WE DO?**

Governors at Trinity work hard to support, challenge and strengthen the school. We take a keen and active interest in all aspects of school life and we do this in ways consistent with our role. We are regular visitors, we receive regular training - both as individuals and as a whole board - and we meet twice as often as statutorily required. We are fully apprised of school issues and we receive formal training on matters such as child protection, equality and employment law. Governing Board meetings are characterised by a rigorous and detailed approach to school business and take place in a friendly and supportive atmosphere.

The Governing Board has a full complement of Foundation, Local Authority, Parent, Staff and Co-opted members and a number of Governors have long and very distinguished associations with the school.
