Record –
 speak revision notes into a recorder/computer and play them back to yourself.

Explain –
 things you need to learn to family members or friends (if you can explain it, you know it!)

Time yourself –
 Do past exam papers against the clock, it's a great way of getting up to speed

Where to revise

Work somewhere:

- > Quiet
- > well-lit
- > with plenty of space to spread your work out.

If you are easily distracted:

- > face away from windows
- > wear head-phones (with or without music playing) to cut out the sound.

You can **do revision sessions with friends** where you can **talk through** some of the things that you need to learn.
