27th April 2015

Dear Dr Doherty,

Many thanks for your letter following the publication of Trinity's Ofsted report. Your kind words addressed to myself and the Governors are much appreciated. To achieve a judgement of outstanding in all aspects is truly wonderful. Many congratulations.

The Governors are indebted to you, your senior management team, staff and volunteers at Trinity. A judgement such as this does not come about through luck. It can only be achieved through the sustained efforts of all those who work at Trinity.

On behalf of myself and all the Governors I must express a sincere thank you to you, for your inspirational leadership, wise counsel and unswerving commitment to the pupils and staff at Trinity.

I would also like to thank your senior management team. They are a highly professional group of individuals who excel at all that they do. It is a real pleasure to work with them.

A huge thank you too to all the staff and volunteers who work at Trinity. Each member of staff should be very proud of this achievement. Their individual contributions are highly valued and very much appreciated by the Governors.

Finally, I would like to thank the pupils. They are the heart of Trinity. Governors are always impressed with their good manners, hard work and lively enthusiasm.

As Governors we are privileged to be able to work with you all. We are all so pleased for you and are brimming over with pride.

Please give yourselves time to enjoy this moment, it is well deserved. Once again on behalf of myself and all the Governors, many congratulations.

Bring on the celebrations!

Kindest regards,

Mrs Moira Bishop
Chairman of Governors
